

Leaf Sorting Activity

Thank you for downloading this FREE sorting resource at ChildCareEd! This activity can be printed out in either color or black/white, and can be used for individual activities or in small groups.

Materials:

1. Sorting Mats (laminated or placed in gallon plastic bags)
2. Leaves (multiple copies printed)

Directions:

1. Children will sort leaves based on their shapes.

It is recommended to print out the cards, cut them into rectangles, and laminate them in order to be reused and safe in young hands.
